<b>AGENDA ITEM</b>	<b>DISCUSSION/CONCLUSIONS</b>	<b>RECOMMENDATION/ACTIONS WHAT/WHEN</b>	<b>WHO</b>	<b>STATUS REVIEW</b>
BIOHAZARD BAG FOR PLACENTA	Labor and Delivery were using buckets for placenta, JCAHO requires Zip-Lock bag with a biohazard label.	Committee recommended bag – JCAHO requirement L&D will use about 2-boxes / year Bags will be located in L&D	Kathi Teske (L&D)	Closed
POSEY FOAM LIMB HOLDER	One size fits all. Posey Limb Holder	Committee recommended the foam Limb holder. Socked in Central Supply	Bonnie Foulois	Closed
SAFEGUARD	Product is used in the hospital. The requester wanted the device stocked in the Pyxis Machine on CCU, 9-PCU, 9-CCU for easier access.	Committee recommended stocking the Safeguard in selected areas. More Research will be conducted to Determine if this product is the most Cost effective device on the market.	Donna-Sheppard-Smith	Closed
OSTOMY PRODUCTS	Wound, ostomy & continence nurse recommended numerous changes, Additions, and deletions from our current inventory.	Committee approved the recommendations. Suggested inservices for new products.	Pamela Srinivas	Closed
HUBER NEEDLES	Results from surveys are completed. The Gripper Plus will be deleted from hospital use. Too many user errors, resulting in sticks. 82.5% voted on the Huber Plus. Three different needles were available.	Committee recommended one needle to be used hospital wide.	Maria Dorger	Open
